Receives Tree Farm Management Certificate

Mr. Horace Coleman of Pamplin, right above, has received a Tree Farm Certificate in recognition of the forest management carried out on his farm. David Smith, Chief Forest Warden, center above, presented the certificate and looking on was Mr. Coleman's son, Spencer A. Coleman, left above.

Mr. Coleman and his wife live on this farm, Tree Farm #1054, located on State Road 628 about 3½ miles south of Pamplin. Prior to purchasing this farm, Mr. Coleman had a farm in Spottsylvania County where he reforested several hundred acres of timberland.

He says that he feels that he is the steward or trustee of the land for the time he is here. When he has passed on, the land will still be here for the benefit of the next generation. Properly managed now, the land will help meet the needs of future generations; abused now, the land will be unproductive.

The American Tree Farm System gives recognition to those private landowners who are doing outstanding jobs in the managements of their forest lands.

A tree farm is a privately owned tract of forest land which has been dedicated to the growing and harvesting of repeated forest crops.

Do You Have It?

Do you have cancer, it can be a long painful process if by surgery it cannot all be removed. Cobalt theraphy is the next best thing.

Plans are for a cobalt machine to be installed at Lynchburg General Hospital as soon as funds can be raised. We should all do our part in helping to raise money to apply toward this goal.

And that is just what the "girls" at the Appomattox Garment Company are trying to do. They are sponsoring a bake sale and a car wash on Saturday, May 11th, and all

ARC Offers Guidance

As in every community, Appomattox County has a number of people suffering from over use of the drug, alcohol. Some label them alcoholics; others alcoholics (comparing them to the diabetic) and others simply label them "town drunks." So much of the alcohol problem is hidden. To bring it out in the open is thought to bring shame and embarrassment to family and friends. The question is:to what extent will we allow the problem to go before we will be able to talk openly and honestly about it?When will people seek help?

Realizing that there are no easy answers to the problem, The Alcoholic Rehabilitation Center of Central Virginia located at 1503 Grace Street in Lynchburg, Virginia is available to offer guidance and counsel to anyone who has reached a point of realizing they need help. A.R.C. offers a place for people of all economic levels, ages and sexes to live in a therapeutic group in which they gain insight and strengths from each other.

The average length of stay at A.R.C. is about three weeks. The cost per day is figured according to a sliding income scale ranging from a minimum fee of $3.50 up to $10.00.

A.R.C. is funded by local and state funds through the Mental Health Retardation Services Board of Central Virginia.

Gladstone Rescue Squad Sets May as Fund Drive Month

During the month of May, 1974 members of the Gladstone Rescue Squad will be conducting their door-to-door canvass for funds vitally needed to carry on the operation of their squad.

Although no goal, as such, has been set, at least $8,000.00 will be needed for operational costs and for necessary equipment.

This door-to-door canvass in the areas they serve is the main source of income for the Gladstone Rescue Squad.

All members will be accepting donations, large or small. When a volunteer of the GRS knocks at your door, give generously to support this most worthy organization.

When you need help - day or night - the volunteer members of the Gladstone Rescue Squad are quite generous with their time and knowledge and are ready to serve the people in that area when needed.

Now they need help - financial help! Don't let them down, give so that Gladstone Rescue Squad can continue to operate. You may never be in need of the service they render, but it is good to know if you do that they'll be there!

Oakville Ruritans Donate Benches to Historic Appomattox Station

When the Norfolk and Western Railway gave the historic Appomattox depot deed to the Town of Appomattox last month, waiting room benches were not included for they have been missing for several years. At the same time, the Appomattox Court House Presbyterian Church was selling pews from their old church in effort to raise money for their building fund. The Oakville Ruritans viewed the situation as an opportunity for community service: they purchased four large pews to serve as depot waiting room benches, thus serving the downtown area and the church in a single effort.

Made of white pine and costing $80, the historic pews are much the same as the original depot benches and restore the station to its original appearance. The benches will provide seating during future festivals and any other station uses.

Spring has come to Appomattox, and the Oakville Ruritans encourage other civic groups to help locate sidewalk benches, flower boxes, flowers, and trees in downtown Appomattox. With the painting of the depot, now is an excellent time to beautify our downtown and begin implementation of the "Appomattox Downtown Project."

Brownies To Try For 3rd Win

Brownies of Troop 308 of Appomattox will be competing for their third win on Kiddie Kollege this Friday night, May 10th, on WLVA-TV, Channel 13, at 7 p.m., when they will be challenged by a team from Villa Maria Academy of Lynchburg.

Shown above, left to right, are the members of the Brownies who have won for two consecutive weeks on the popular quiz show. They are Nancy Morris, Laura Walton, Joanie Canada and Karen Doss, alternate. They are shown holding a poster made by classmate, Rick Caldwell, son of Mr. and Mrs. Jack Caldwell, that greeted them when they arrived back in Appomattox last Friday night after their second win.

Thus far these girls have brought home $50.00 in prize money for their troop and feel confident that they can win again. With four consecutive wins, they would be retired as champions and we will all be tuning in Channel 13 at 7 p.m. Friday to cheer them on to another victory.

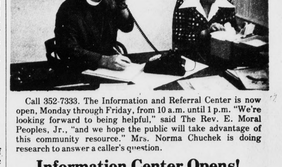
School Board Held Meeting Wednesday

The School Board of Appomattox County met in regular session on Wednesday of this week at 3 o'clock in the Board Room at the School Board Office. Meetings are usually held on the second Friday of each month, but circumstances beyond their control required that the date be changed for this meeting.

On Agenda For Supervisors Meeting

Howard Wolfe, founder of the Virginia State String Music Association, is scheduled to appear before the Appomattox County Board of Supervisors when they met in regular session on Friday, May 10th.

These meetings are open to the public and if anyone wishes to express their views they may appear before the Board at this meeting.



Call 352-7333. The Information and Referral Center is now open. Monday through Friday, from 10 a.m. until 1 p.m. "We're looking forward to being helpful," said The Rev. E. Moral Peoples, Jr., "and we hope the public will take advantage of this community resource." Mrs. Norma Chuchek is doing research to answer a caller's question.

Information Center Opens!

"We asked the telephone company for an easy number," said Mrs. Norma Chuchek, "and they gave us 352-7333. Don't you think that's one you'll remember?"

The Appomattox Information and Referral Center opened May 1, 1974. Located behind the old Revco drug store on Church Street, the Center will be staffed each week day from 10 a.m. until 1 p.m.

Correction

In the last issue of the **TIMES-VIRGINIAN** in the article written about the Town Election for Appomatox, the names of four incumbents seeking re-election were to have been listed. Through error the name of R. C. Hubbard was omitted. We regret this error as it was indeed unintentional.
